

20 February, 2018 – Le Plaza Hotel, Brussels

The EURORDIS Black Pearl Awards is an annual event held in Brussels to recognise the outstanding achievements and exceptional work of people making a difference for the rare disease community.

The black pearl symbolises these unique individuals, organisations and companies who demonstrate an incredible combination of hard work and dedication in their daily lives.

I am very proud to have participated every year since 2014 at this fabulous event.

It is a great occasion to represent a small organisation like ours and meet different parent organisations to share ideas as well as the medical professionals and companies that focus on rare diseases.

Caroline van Heesewijk
